International Association for the Advancement of Innovative Approaches to Global Challenges (IAAI GloCha)

About IAAI GloCha

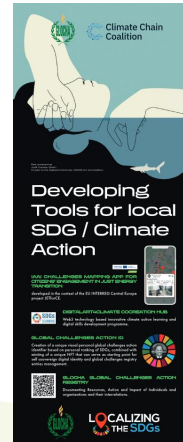

International Association for the Advancement of Innovative Approaches to Global Challenges IAAI

JETforCE

- IAAI is a youth focused, UN accredited, not-for profit civil society organisation based in Klagenfurt / Austria
- IAAI's flagship initiative is the Global Challenges Action Empowerment ecosystem GloCha

Goal:

Empowering everyone everywhere to take meaningful and rewarding action for the local and global common good, in alignment with goals and programs of the UN.

INTERNATIONAL ASSOCIATION
FOR THE ADVANCEMENT
OF INNOVATIVE APPROACHES
TO GLOBAL CHALLENGES

Involving citizens for a just transition

With increasing energy prices, social aspects of the green energy transition have moved into focus. There is broad consensus that the transition has to be just and fair. Ideally, future energy policies and investments are co-created with citizens. The JETforCE project helps regions to better involve their citizens digitally. The partnership tests and validates two novel solutions for digital citizen engagement in policy-making and to evaluate technologies through a “just transition lens”.

Home Page

The Home page displays a chronological list of challenge reports, making it easy to track issues and their status.

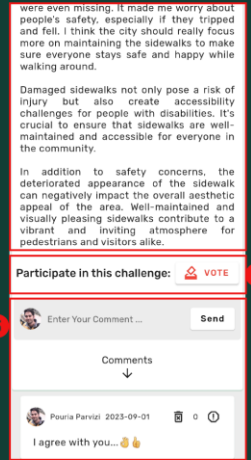

Challenge Page

1. At the top of the page, you'll find a gallery of images related to the challenge. These images provide visual context for the challenge.
2. Below the image gallery, you'll see the category of the challenge. This categorization helps users quickly understand the challenge's theme or topic. Also can find information about the user who reported the challenge, such as their username, profile picture, location, and date.
3. Challenge description to understand the issue or task at hand.

Challenge Page

4. Vote Section allows users participating in the challenge to vote on its priority or relevance. Voting helps determine the importance of the challenge within the community.
note: Users who participate in voting will earn tokens. These tokens can be used for various purposes within the application.
5. If a user wants to add their insights, suggestions, or comments regarding the challenge, they can simply scroll down to the comment section. In the text box provided, the user can type their comment and then click "Send" to post it.

Liste der Herausforderungen/Kategorien

(Work in progress - Festlegungen nach Pilot-Phase)

- Delivery of Energy Services / Energiedienstleistungen
- Energy Poverty / Energiearmut
- Citizen Engagement / BürgerInnen-Beteiligung
- Justice / Inequality / Gerechtigkeit / Ungleichheit
- Cross-Institutional Cooperation / Koordination und Kooperation der Institutionen
- Other / Sonstiges

Map Page

On the map, you'll notice various markers representing challenge reports. Each color corresponds to a specific challenge report location.

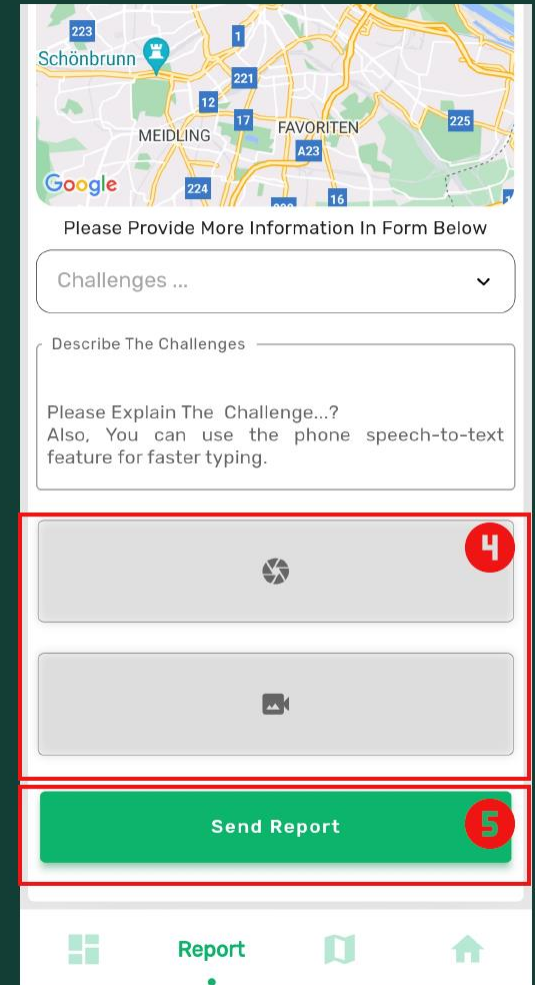

1. To view short details of a challenge report, click on the icon that interests you.
2. After clicking an icon, a popup or sidebar will appear, displaying brief information about the challenge report. This information may include:
 - Challenge title
 - Date and time of report
 - Report description

Report Page

4. Add Images (At Least 1 Image) and Video (Optional)

5. Send Report

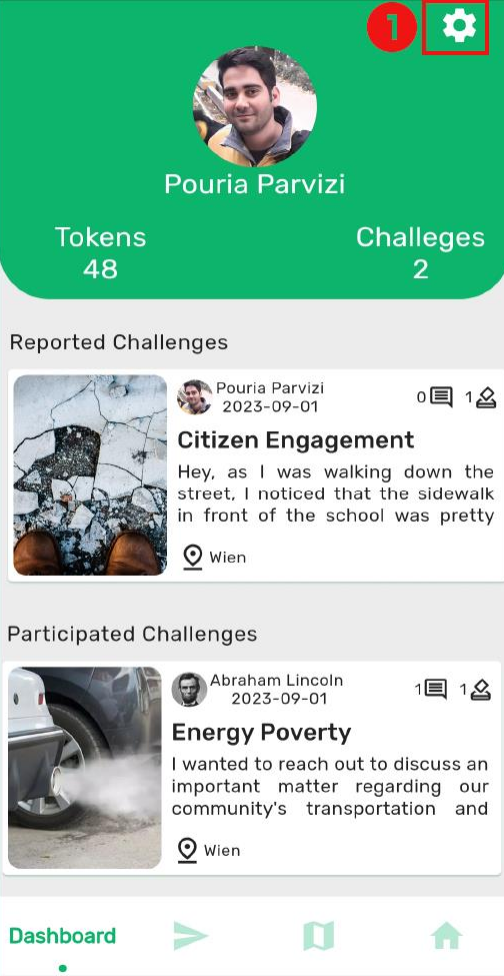

Dashboard Page

● Managing Your Personal Information:

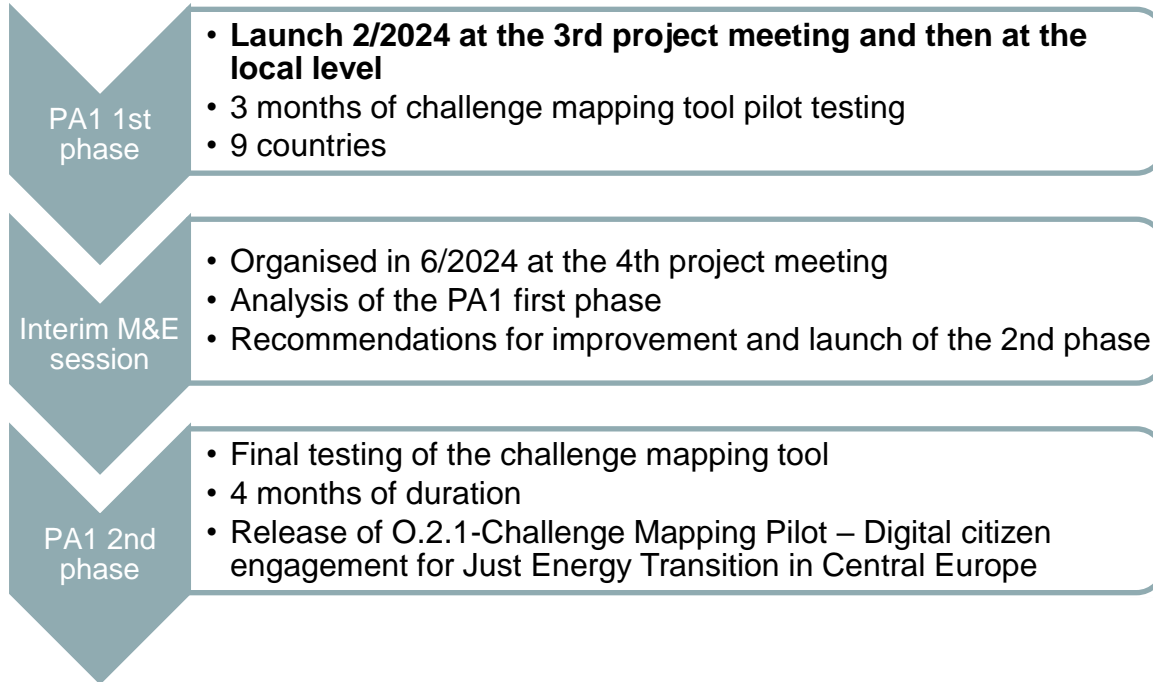

1. Edit your personal information by clicking on setting icon.

This will take you to the settings page where you can update your profile details, including information and profile picture.

The screenshot displays a mobile application interface. At the top, a green header contains a circular profile picture of Pouria Parvizi, a red notification badge with the number '1', and a settings gear icon. Below the profile picture, the name 'Pouria Parvizi' is shown, along with 'Tokens 48' and 'Challenges 2'. The main content area is divided into two sections: 'Reported Challenges' and 'Participated Challenges'. The 'Reported Challenges' section features a challenge titled 'Citizen Engagement' by Pouria Parvizi, dated 2023-09-01, with a photo of a cracked sidewalk and a location tag for 'Wien'. The 'Participated Challenges' section features a challenge titled 'Energy Poverty' by Abraham Lincoln, dated 2023-09-01, with a photo of a car tire and a location tag for 'Wien'. At the bottom, a white navigation bar includes a 'Dashboard' label, a right-pointing arrow, a book icon, and a home icon.

- IAAI is going to reward suggestions for improvement of the CMT app with a total of 500 Euros
- JETforCE session at UN HQ NY event 2024 - presentation of most inspiring JETA story on CMT use
- (potential additional category: Culture/DigitalArt4Climate / GloCha TV user generated content)

Call to action:

- Download the app
- Test it
- Connect with local JETforCE project partner
- Provide feed-back via online survey / form
- Send us (IAAI GloCha) feed-back/suggestions for improvement of the app (glocha.iaai@gmail.com)
- Join us at GloCha CoCreation festival / mapathon (26 May - 6th June 2024, St. Primus am Turnersee)
